ABOUT THE COLLEGE

Anil Neerukonda Institute of Technology and Sciences(A),(ANITS), Visakhapatnam was established in 2001 by Anil Neerukonda Educational Society (ANES). ANES works to promote technical and human values through various educational institutions without any motive for profit. ANITS is located in a plot of 12 acres in Sangivalasa village of Bheemunipatnam mandal nearer to beautiful city of Visakhapatnam. The college is permanently affiliated to Andhra University and is accredited by NAAC, NBA and UGC. From its inception, ANITS has strived to train young men and women to confident and competent engineers. The college was awarded "Center of Excellence" by Infosys Technologies in the year 2011 and "National Employability" in 2014 by Aspiring Minds, New Delhi. The college offers undergraduate and postgraduate programs in various disciplines of engineering such as CSE, IT, EEE, ECE, Mechanical, Civil and Chemical. With a unique team of governing body, inspiring management and proficient educators, ANITS continues to march forward with greater zeal and dedication to construct a world class educational institute.

ABOUT THE DEPARTMENT

The Department of Chemical Engineering was started in the year 2012. The Department of Chemical Engineering in ANITS boasts of a very efficient team of faculty. The faculty participates actively in state of the art research and continuously thrives to update knowledge and skills. The same is imparted to the students in class rooms by conducting workshops, seminars and conferences to craft the next generation of engineers. The department is well equipped with Chemical Engineering laboratories and various equipments for inter disciplinary research in the fields of Biotechnology and Nanotechnology. Modern

teaching methodologies are constantly implemented to foster an improved class room environment. Team work among students is encouraged to inculcate positive work habits and passion to work wisely, creatively and effectively. Till date, the Department organized three National workshops on "Application of Computational Techniques in Chemical and Biochemical Engineering", "Environmental Challenges and Strategies" and "Application of Theory to Process Industry for Engineers" in 2015, 2016 and 2017 respectively.

ABOUT THE CONFERENCE

RACE (Rays of ANITS Chemical Engineers), the students association of the Department of Chemical Engineering was started in February 2015 to enhance curricular, co-curricular and extra-curricular activities. Two National student conferences "CHEMFLARE-2k15 and CHEMFLARE-2k17" were organized under student body RACE in 2015 and 2017 respectively. Now, the department is conducting "CHEMFLARE-2k18", a National student conference under RACE to organize Lectures by experts, Paper presentations by students, Elocution, Technical Quiz and Spot events etc. The areas covered are Separation processes, Reaction engineering, Novel technologies, Modeling and simulation, Energy, Process control, Safety management, Bioprocess engineering and Environmental engineering.

Students are invited to participate in paper presentation, model presentation, elocution, technical treasure hunt and spot events. The authors are required to send a soft copy of the abstract by e-mail along with registration form on or before 20th January 2018. The title, abstract and full length paper should not exceed 50 characters, 500 words and 12 pages respectively. (A4 size, double line spacing, Times New Roman and Font size 12).
