6.	Compliance of curriculum in achievement of attainment of POs and PSOs.	✓			

7. Which courses in the curriculum helped you in getting employed?

Core subjects - Mass transfer, Fluid Mechanics, Heat transfer, Process dynamics & control, Process Instrumentation, Chemical technology

8. Did you identify gap between industry and our curriculum? If yes please specify?

Management skills, Industrial safety related subjects

9. Give your feedback on electives

Electives related to ASPEN simulation software, Equipment design, process dynamics & control may benefit.

10. Skills acquired by you during the completion of your UG project.

Lab scale experiments - Handson experience. Data Analytics during experiment studies; Journal drafting for publications

11. List out the courses/activities helped to improve your life skills.

Environmental studies, Industrial training, UG Project. Curriculum & examination pattern contributed to my multi-tasking skills.

12. New topics/courses / tools / skill set suggested by you for the curriculum enrichment.

Mathematical modelling; Industrial safety; Instrumentation related plant design; pilot plant operations; Scaleup will contribute greatly for process industry environment.

13. Any other suggestions

More equipment design related subjects handson experience in lab will benefit career in design engineering.
